

VANKADARI UMA VAJRESH

B.Tech – Artificial Intelligence & Machine Learning (CSE) | 4th Semester
Avadi, Chennai, Tamil Nadu | +91 9246941311 | umavajresh9@gmail.com
linkedin.com/in/uma-vajresh-vankadari | github.com/Vumavajresh45

CAREER OBJECTIVE

Motivated B.Tech AI & ML student at Vel Tech University with a strong foundation in Python programming, machine learning fundamentals, and prompt engineering. Seeking an internship at Pavishree Design, Vizag to contribute to web development, AI-driven prompt engineering, and machine learning initiatives while gaining hands-on industry experience.

EDUCATION

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science & Technology, Chennai 2023 – Present
B.Tech – Artificial Intelligence & Machine Learning (CSE) | 2nd Year, Sem 4 | CGPA: 8.92 / 10.0

TECHNICAL SKILLS

Programming Languages Python, Java
Web Development Basic Web Development Logic, Logic Building, Front-End Concepts
AI / ML Machine Learning Fundamentals, Prompt Engineering (LLM Optimization), Data Science Basics
Cloud & Tools Amazon AWS (Cloud Basics), Git (Basics), GitHub (Basics)
Core Competencies OOP, DSA (Active Learning), Debugging, Problem Solving, System Design Concepts
Languages Known English, Telugu, Hindi (Basic), Deutsch (Basic)

PROJECTS

Command-Line Calculator Application [Java]

- Built a modular, OOP-based calculator using core Java, incorporating exception handling for reliable arithmetic operations.
- Designed with a clean architecture to support continuous multi-step calculations without runtime errors.

Mortgage Calculator Program [Java]

- Developed a financial utility that computes monthly EMI/mortgage payments using principal, interest rate, and tenure inputs.
- Implemented strict input validation to ensure precise and error-free financial calculations.

Algorithmic Problem-Solving Portfolio [Python & Java]

- Maintained a curated repository of scripts covering data structures, mathematical algorithms, and HackerRank challenges.
- Continuously optimized solutions for improved time and space complexity as part of rigorous DSA training.

HACKATHONS & ACHIEVEMENTS

HackerRank – 3 Stars in Java

- Achieved a 3-star rating in Java by solving complex algorithmic challenges and demonstrating proficiency in language syntax and logic.

Smart India Hackathon (SIH) – National Level

- Collaborated in a team to architect solutions for government-defined real-world problems.

Amazon AWS Hackathon

- Explored cloud-based deployment, AI service integration, and scalable architecture.

PERSONAL DETAILS

Date of Birth: 06 November 2006 **Hometown:** Kadapa, Andhra Pradesh
Languages: English, Telugu, Hindi (Basic), Deutsch (Basic)

I hereby declare that all information provided above is true and correct to the best of my knowledge.
